

Project Part 3

Project Part 3: Due on or before December 3rd, 5PM, 2013

Please submit your answers in electronic format to John: pu@email.unc.edu

I would appreciate a timely response on this project part as I do not have flexibility in delaying submission of the grades.

Deliverable 1) Project Presentation

The presentation will be held on this date.

You should have a slide deck of approximately 5-6 slides, covering the following items:

- 1) Overview of main functions in the project system, with a screen shot or two
- 2) Data and examples of records
- 3) Evaluation method and a few examples of tasks you plan to test
- 4) Early evaluation conducted with one subject (can be a member of your team)

Deliverable 2) Draft Evaluation Report

Submit a draft evaluation report based on the following format (3 pages maximum). Put names of all group/team members at the top.

Key Sections to Include:

- 1) Provide an overview of the system functions. Include one or two screen shots.
- 2) Black box testing: All the tasks you plan to test on, categories of data you plan to collect, and number of users you plan to involve.
