

# Project Part 4

**Project Part 4: Due on or before December 9th, 5PM, 2013**

Please submit your answers in electronic format to Javed: drjavedm@gmail.com [New Email]

*I would appreciate a timely response on these two parts as they are the last two class requirements and I do not have flexibility in delaying submission of the grades beyond this date.*

## **Deliverable 1) MS Access Project Prototype**

### **Deliverable 2) Evaluation Report**

Submit an evaluation report based on the following format: 6 pages maximum. PDF format. Put names of all group/team members at the top.

Key Sections to Include:

1) Provide details of the evaluation methodology and system functions (description should be at least 2 Pages)

- a) Black box testing: Tasks you tested on, categories of data you collected, and number of users you tested on
- b) Table names, total number of records / table, and few screen shots of forms and reports (Note: you can place the screen shots in the appendix, to meet the 2-page limit of the main report; the appendix pages will not be counted toward the 6-page limit for the full report)

2) Evaluation results (maximum of 4 Pages)

- a) Present some of the key charts and tables based on the evaluation data you collected
- b) Discuss a few strengths and weaknesses of your system based on the data you collected
