8 May 4 P.M.	Final Exam	

Class session rules: Laptops are to be used only for class activities and notetaking. All handheld devices (e.g. Smartphones) must be put away.

Course grade scale:

93-100%=A	73-76%=C
90-92%=A-	70-72%=C-
87-89%=B+	67-69%=D
83-86%=B	60-66%=D
80-82%=B-	59 and lower=F
77-79%=C+	

Course grade calculation:

Fallacies assignment.....	5%
Participation	10%
Midterm exam.....	15%
Research exercises (3)	20%
Final exam	25%
Stat to Story project	25%

The participation grade is based on class attendance, demonstrated preparation, and thoughtful contribution to discussions. The instructor reserves the right to institute unannounced quizzes if the instructor believes doing so will promote better class discussion of assigned readings.

The instructor may adjust final grades upward or downward according to timely submission of required graded or ungraded assignments and overall good faith effort in class activities.

Assignments:

Reading reflections: Four times during the semester you will post to our discussion board in Sakai. Your reflection is due by 12:00 noon on the day you select. Further instructions will be given in class.

Fallacies assignment: You will find and describe examples of specified logical fallacies. Further instructions will be given in class.

Research exercises: You will be given three exercises meant to sharpen your research skills. The exercises will build upon class topics and activities. The exercises are of equal weight for grading purposes. Further instructions for each exercise will be given in class.

- Exercise 1: Analysis of selected research article
- Exercise 2: Database overview report
- Exercise 3: Scholar profile

Stat to Story Project: This is a multi-step project you will complete in teams of four. You will turn in three preliminary parts of the assignment and present your project to the class at the end of the semester. Further instructions will be given in class.

- Deliverable 1: Project plan and description
- Deliverable 2: Research log and literature search analysis
- Deliverable 3: Annotated bibliography
- Presentation: 7-10 minutes + brief Q&A

Exams: The format of the exams will be shared prior to the exam date. Any questions about exams must be raised during class so that all students can hear the same information. The final exam will be comprehensive. Exams will test substantive knowledge, analytical ability, and information-seeking skills as taught in the course.

All academic work in this course is to be your own work, unless otherwise specifically provided. It is your responsibility if you have any doubt to confirm whether or not collaboration is permitted.

University Policies

Honor Code: The University of North Carolina at Chapel Hill has had a student-administered honor system and judicial system for over 100 years. The system is the responsibility of students and is regulated and governed by them, but faculty share the responsibility. If you have questions about your responsibility under the honor code, please bring them to your instructor or consult with the office of the Dean of Students or the Instrument of Student Judicial Governance. This document, adopted by the Chancellor, the Faculty Council, and the Student Congress, contains all policies and procedures pertaining to the student honor system. Your full participation and observance of the honor code is expected.

Disability Accommodations: If you have a disability that qualifies you for academic accommodations, please provide a letter of accommodation from the UNC. If you have a medical condition or disability that may require reasonable accommodation to ensure equal access to this course, please contact the Accessibility Resources and Services office.
