

INLS 752: Digital Preservation and Access

The Instructors.

Dr. Helen R. Tibbo
Office: 201 Manning Hall
✉: Tibbo at email dot unc dot edu

☎: 962-8063(w); 929-6248(h)
FAX #: (919) 962-8071
Class Listserv: INLS752-Summer2017@
sakai.unc.edu

Office Hours.

I will be available until 5:00 PM most days. I will probably not be in the office in the mornings during this intensive course session. Feel free to call me at home in the evening before 9:00 PM.

Course Timeline.

First Class: Wednesday, May 17, 2017
Last Class: Friday, June 2, 2017
Final Project Due: Monday, June 19, 2017 (OR BEFORE!!!)

Brief Course Description.

This course focuses on integrating state-of-the-art information technologies, particularly those related to the digital curation lifecycle, digital repositories, and long-term digital preservation, into the daily operations of archives, records centers, museums, special collections libraries, visual resource collections, historical societies, and other information centers. Issues, topics, and technologies covered will include the promise & challenge of long-term digital preservation and curation; creating durable digital objects, approaches to preservation; development of institutional repositories; image processing; selecting materials for digitization and managing digitization projects; resource allocation and costing, risk management, digitization and metadata; rights management and other legal and ethical issues; digital asset management; standards; file formats; quality control; funding for developing and sustaining digitization projects and programs; and trusted repositories.

Goals and Objectives.

By the end of the course, the student should be able to:

- ✚ Identify the key events in the history of digital preservation and access.
- ✚ Define and apply essential terminology related to digital preservation.
- ✚ Distinguish between the concepts underlying digital preservation and digital curation.
- ✚ Understand the digital curation lifecycle from conceptualization through disposition.
- ✚ Understand the primary issues and challenges with digital preservation and curation activities.
- ✚ Demonstrate familiarity with a variety of digital preservation and curation projects worldwide.

- ✚ Identify standards that are important to the digital curation lifecycle.
- ✚ Identify best practice guidelines and organizations that are creating them for digitization and digital preservation.
- ✚ Discuss the OAIS model and how it fits into the trusted digital repository movement.
- ✚ Discuss what makes a repository “trustworthy.”
- ✚ Identify tools and standards for audit and certification of digital repositories.
- ✚ Be familiar with the development of institutional repositories.
- ✚ Explain the digitization workflow and all the steps involved in major digitization projects.
- ✚ Be familiar with best practice guidelines and organizations that are creating them for digitization and digital preservation.
- ✚ Select materials for digitization projects and provide sound justifications for these selections.
- ✚ Select and justify standards and benchmarks for a given digitization project.
- ✚ Create appropriate metadata for digital objects for access, management, and preservation purposes.
- ✚ Determine the costs of digitization projects and plan appropriate facilities and resources.
- ✚ Understand how to manage a digitization project including assessing risk and establishing a quality control program.
- ✚ Write a well-argued and constructed grant proposal for a digitization, repository building, or digital preservation project.

Assignments & Evaluation.

<i>Assignment</i>	<i>% of Grade</i>	<i>Due Date</i>
Five to Ten Minute Madness Presentation	5%	Thursday, May 18
Briefing Paper 1: Digital Image Capture & OCR	10%	Monday, May 22
Preservation Landscape Presentation	5%	Thursday, May 25
Preliminary Report on Grant Application	5%	Thursday, May 25
Digital Curation Scenario Presentations	10%	Wednesday, May 31
Briefing Paper 2: Interview report	15%	Thursday, June 1
Grant Presentation	10%	Friday, June 2
Grant Proposal	30%	Monday, June 19
Class Participation	10%	On-going
Total	100%	

A summary of each of the assignments is below; for more detailed descriptions of the Briefing Paper assignments and the overall Grant Assignment (Progress Report, Presentation, and Proposal), see the Detailed Course Assignments handout.

Five – Ten Minute Madness

This assignment is designed to 1) get you into the day-to-day realities of digital curation issues and see how these apply in the workplace; and 2) give you experience presenting to a group. As a member of the Disco

Tech Institutional Repository (DTIR) team you will present on current perspectives in the media regarding digital preservation to your colleagues. Find an item in the popular press (newspaper, magazine, blog, etc.) that discusses some aspects of digital preservation or curation and create a 5-10-minute presentation/discussion.

Preservation Landscape

Each student will present on a national or international research/development project in digital curation or preservation. Everyone will make 5-10-minute presentation/discussion with a few slides.

Briefing Papers

The Briefing Paper assignments are designed to allow students to apply some of the concepts and challenges discussed in the course:

- For Briefing Paper 1, students will digitally capture two document types and comment on the results and experience.
- For Briefing Paper 2, students will contact a library, archives, or museum professional who is working on digitization, institutional repositories, or other digital preservation and access projects and interview them regarding “lessons learned” and write this up as a brief paper.

Digital Curation Scenarios

The intent of this assignment is to introduce real world, practice-based digital curation challenges and issues. Each entry presents a specific scenario. Several of these are derived from Curate: The Digital Curator Game.¹ Working in pairs, students will select a scenario, prepare a brief written response, and present this to the class.

Grant Project

Proposal writing, project design, and project management are some of the most highly sought after skills an information professional can possess today, particularly in the field of digital curation. As a result, this assignment was designed to provide students with experience in project planning and grant writing. Project planning and proposal writing is not an individual task; rather it necessitates a collaborative, team-approach. For this assignment, students will form teams of four or five. A classmate or I will provide proposed projects and each team will prepare a submission-worthy grant proposal. The semester-long, team project will be evaluated at three stages: 1) Progress Report, establishing your work plan and task assignments for completing your team’s grant proposal (May 25); 2) Grant Presentation, a 20-minute group presentation of your team’s grant proposal to your classmates (June 2), with five minutes for Q&A; and 3) your team’s completed Grant Proposal (June 19 or before – deposit in Sakai and a hard copy in my SILS office mailbox).

Class Participation

Students are expected to participate in class discussions on the readings and webcasts and to pose questions about those readings and about the course content. The purpose of the discussions is to help students to think critically about issues and challenges related to digital preservation and access, and to address ways that the literature may affect practice. Your responsibilities are to be prepared for class each day through reading and reflecting on the required readings assigned for that particular session. It is also helpful, when preparing for class, to consider how that session’s particular theme and readings may apply to your area of

¹ For the game, see: <http://www.digcur-education.org/eng/Resources/CURATE-Game>

professional interest. You are also encouraged to share current news and events you find informative to issues of digital preservation and access, both in-class as well as on Sakai. See Class Policies, below, for additional guidance on class participation.

Assignment Nomenclature

Please turn in all assignment through Sakai and provide a printed version in class. For all assignments please save your file as “lastname_assignment_752.docx”. All assignments should be turned in as word documents if possible. **Please put your name on the top of each page of your assignments as well and number the pages.**

Grading Scale

Graduate Grading Scale

- H (95-100): "Clear excellence", above and beyond what is required
- P (80-94): Entirely satisfactory; SILS recognizes subtle levels of "satisfactory" since most grades tend to cluster here:
- L (70-79): Low passing
- F (< 70): Failed
- IN: Work incomplete (only given under extreme circumstances, such as serious illness)

Penalty for Late Assignments.

I expect assignments to be passed in on time. This is important for at least two reasons: 1) the need to meet deadlines is a reality of professional life, and 2) giving some people more time for an assignment than others in the class is not equitable. However, life happens to all of us at one time or another. If you cannot meet an assignment deadline, please tell me why PRIOR to class. I will negotiate a new deadline with anyone who has a valid reason for needing this (i.e., NOT “I just didn’t get it done.”). Otherwise, late assignments will drop 3 points for each day late.

Course Activities & Readings.

Course activities include readings, videos, discussion, and assignments. Discussion will take place in the classroom as well as through the class website on Sakai. There is no textbook for class. The assigned readings and webcasts are available on the Web, through UNC Libraries’ E-Research Tools, or on the class website on Sakai. While there is no required textbook for this class, the following out of print book has been placed on reserve in the SILS Library: Kenny, Anne R. & Oya Rieger. *Moving Theory into Practice*. Mountain View, CA: RLG, 2000.

All required readings are listed in the Course Outline section of this syllabus, as are optional readings for each class session. Additionally, please see the Course Supplement for additional resources complementing our required course and optional readings. You are expected to read all required readings before the start of the class session for which these readings are assigned; you may choose to read the optional readings for the particular class session as well, though this is not a requirement. Optional readings are provided to encourage and develop understanding of topics of particular interest to you. **Required readings are in bold.**

Honor Code & Class Conduct.

This class follows the UNC Honor Code. Information on the Honor Code can be found at: <http://honor.unc.edu/>. Students are encouraged to become familiar with the UNC Honor Code to understand the rights and responsibilities defined there. The UNC Honor Code prohibits giving or receiving unauthorized aid on examinations or in the completion of assignments. *Whenever you use the words or ideas of others, this should be properly quoted and cited.* You should adopt a style guide – e.g., American Psychological Association, Chicago Manual of Style, MLA, or Turabian – and use it consistently. Students who are discovered attempting to take credit for work performed by others will be referred to the Honor Court for resolution.

Class Policies:

- Be considerate of others in using reserve and other materials, returning them promptly and in good condition.
- Be considerate of your classmates by arriving to class on time, with cell phones turned off for the duration of the class period. Unexcused/unexplained tardiness may impact your class participation grade.
- Additionally, be considerate of your classmates by informing instructor of any planned absences. Unexcused/unexplained absences may impact your class participation grade.
- Be prepared for each class by completing the assigned reading, enabling you to ask questions and participate in class discussion.
- Be an active and positive participant in class, characterized as:
 - Having a clear command of the readings for the day;
 - Sharing analyses and opinions based on the readings;
 - Allowing other students the opportunity to participate; and
 - Freely agreeing and disagreeing with others when warranted.
- Please note: An intellectual exchange of ideas is the cornerstone of education, but any criticism should be limited to an idea and not the person specifically.
- Turn in assignments by or at the beginning of the class session on which the assignment is due.

As the Semester Begins....

1) If you are not familiar with Photoshop, go to the SILS Lab as there are Photoshop books on reserve. It is generally a useful program with which to be familiar if you are digitizing materials and mounting on the Web. We will not, however, cover how to use it in this class. The bookstore has several beginning and advanced books on this topic and there are websites with tutorials (some quite advanced) such as [Planet Photoshop](#) and *Smashing Magazine's* list of [Photoshop Tutorials](#).

2) Go to Cornell University Library's Preservation Department's website and run through the *Moving Theory into Practice* Online Tutorial. <http://www.library.cornell.edu/preservation/tutorial/contents.html>. Most of this is assigned throughout the semester, but it will give you a bit of an overview introduction if you do it up front before the heavy work of the semester starts. You will also be using the Cornell tutorial on Digital Preservation Management. <http://www.library.cornell.edu/iris/tutorial/dpm/index.html>.

Weekly Course Calendar

1. Wednesday, May 17, Introduction & Digital Curation.

Objectives:

- Students will be able to identify goals of the course and understand requirements, readings, assignments, and expectations.
 - Students will be able to identify the framework for course, based on:
 - Matrix of Digital Curation Knowledge and Competencies: <http://ils.unc.edu/digccurr/digccurr-matrix.html>
 - Digital Curation Lifecycle Model: <http://www.dcc.ac.uk/docs/publications/DCCLifecycle.pdf>
 - Higgins, Sarah. "The DCC Curation Lifecycle Model." *International Journal of Digital Curation*, Vol 3, No 1 (2008). <http://www.ijdc.net/ijdc/article/view/69/69>.
 - H.R. Tibbo, C. Hank, C.A. Lee, & R. Clemens (Eds.), *Proceedings of DigCCurr2009: Digital Curation: Practice, Promise, and Prospects*, April 3-5, 2009, Chapel Hill, NC, 2-3. Chapel Hill, NC: School of Information and Library Science, University of North Carolina at Chapel Hill. Available as free download at: <http://stores.lulu.com/DigCCurr2009>. (Browse)
 - Continuum Model: <http://john.curtin.edu.au/society/australia/>
 - OAIS Reference Model:
 - CCSDS 650.0-M-2: Reference Model for an Open Archival Information System (OAIS). Magenta Book. June 2012. [This Recommendation has been adopted as ISO 14721:2003 and is currently under revision.] <http://public.ccsds.org/publications/archive/650x0m2.pdf>.
- Introduction to the class, instructors, and students. We will discuss how we want to conduct the class and the nature of the assignments and the expectations of all of us. What do we value in class participation?
- **View the video, Digital Preservation and Nuclear Disaster: An Animation:** <http://www.youtube.com/watch?v=pbBa6Oam7-w>
- Framework for semester. Lifecycle Approach: Overseeing digital assets across their lifecycles from planning and resource allocation through creation, management, delivery, preservation, and reuse. We will talk about the following today but please read/review before next week.
- ✚ Continuum Model: <http://john.curtin.edu.au/society/australia/>
 - ✚ DCC Curation Lifecycle Model. <http://www.dcc.ac.uk/docs/publications/DCCLifecycle.pdf>.
 - ✚ Higgins, Sarah. "The DCC Curation Lifecycle Model." *International Journal of Digital Curation*, Vol 3, No 1 (2008). <http://www.ijdc.net/ijdc/article/view/69/69>.
 - ✚ Lee, Christopher. Matrix of Digital Curation Knowledge and Competencies: <http://ils.unc.edu/digccurr/digccurr-matrix.html>
 - ✚ Lee, Christopher A., Helen R. Tibbo, and John C. Schaefer. "Defining What Digital Curators Do and What They Need to Know: The DigCCurr Project." *Proceedings of the ACM IEEE Joint Conference on Digital Libraries*. June 18-23, 2007: Vancouver, British Columbia, Canada. http://www.ils.unc.edu/digccurr/jcdl2007_paper.pdf

- **Watch:**
 - ✚ Horton, Robert. “Preserving Digital Content in the 21st Century.” *YouTube*. April 15, 2009. <http://www.youtube.com/watch?v=UG6AodGkWZs>

- What do we mean by “digital preservation & access” and “digital curation”? See Digital Curation Center (DCC) <http://www.dcc.ac.uk/digital-curation/what-digital-curation>
- Discuss class focus on policy, technology, and resources. Cornell perspective.
- **Watch and discuss:** Rothenberg, Jeff. “Digital Preservation in Perspective How Far Have We Come and What's Next.” YouTube <http://www.youtube.com/watch?v=2Idbur1qR8I>
Slides at: <http://www.slideshare.net/FuturePerfect/jeff-rothenberg-digital-preservation-perspective>
- **ASSIGNMENT:** You are a member of the Disco Tech Institutional Repository (DTIR) team. This Thursday you need to present on current perspectives in the media regarding digital preservation to your colleagues. Find an item in the popular press (newspaper, magazine, blog, etc.) that discusses some aspects of digital preservation or curation that you will present to your colleagues in the library. Please send me the title ASAP as we would like everyone to have a unique item so it will be first sent to me first claimed. Please prepare 1-2 PowerPoint slides that summarize the main points of the piece and deposit into the Sakai class dropbox by 8:00 AM on Thursday, May 12. Everyone will present on their item for no more than 5 – 10 minutes. We will discuss these at the beginning of Thursday’s class. (This is a version of a “Minute Madness” session that is part of many conferences today.)

2A. Thursday, May 18: Permanence, Terminology, & Fundamental Concepts.

Objective:

- Students will be able to define digital preservation and curation terminology and identify fundamental concepts, with a focus on the notion of “permanence.”
- **Permanence:**
 - O’Toole, James M. “On the Idea of Permanence.” *American Archivist* 52 (Winter 1989): 10-25. [*American Archivist* Online via UNC Libraries]
- **Fundamentals:**
 - ✚ *Moving Theory into Practice Digital Imaging Tutorial*, Chapter 8: Digital Preservation. <http://www.library.cornell.edu/preservation/tutorial/preservation/preservation-01.html>

- ✚ *Moving Theory into Practice Digital Imaging Tutorial*, Chapter 1: Basic Terminology.
<http://www.library.cornell.edu/preservation/tutorial/intro/intro-01.html>
- ✚ Glossary of Terms (on Digital Curation) Digital Curation Centre. Browse.
<http://www.dcc.ac.uk/resource/glossary/>

2B. Thursday, May 18: Five to Ten Minute Madness.

Students will present to their peers at Disco Tech re preservation and curation issues.

2C. Thursday, May 18: History of Information and Communication Technologies.

Objective:

- Students will be able to identify milestones in information and communication technology development, and the emerging call for digital preservation solutions.
- ✚ Cornell University. “Digital Preservation Management Tutorial: Implementing Short-term Strategies for Long-term Problems.” <http://www.dpworkshop.org/dpm-eng/timeline/index.html>
 - Please read “Setting the Stage,” look at the timeline, and take the timeline quiz.
- ✚ Data’s Shameful Neglect.” *Nature* 461/7261 (September 10, 2009).
<http://www.nature.com/nature/journal/v461/n7261/full/461145a.html>
- ✚ “Digital Archiving: History Flushed.” *The Economist* April 28, 2012.
<http://www.economist.com/node/21553410>

http://cip.cornell.edu/DPubS/Repository/1.0/Disseminate?view=body&id=pdf_1&handle=cul.pub/1238609304.

3A. Friday, May 19: Digital Preservation and Curation Challenges and Opportunities.

Objective:

- Students will become familiar with some of the risks involved with digital content and some of the opportunities in the digital preservation field.
- Break into DTIR subgroups and come up with a list of key challenges and opportunities (as portrayed in the “popular” press) based on what you found and what you heard. Each group will present their top 3 items in each category.
- Read any 5 of the following before class today (most items are short):
 - ✚ Bollacker, Kurt. “Avoiding a Digital Dark Age.” *American Scientist* Feb. 19, 2010.
<http://www.americanscientist.org/issues/pub/avoiding-a-digital-dark-age/1>

- ✚ Computer History Musuem. “Digital Dark Age – Revolution Preview.” YouTube <http://www.youtube.com/watch?v=PSIMzirksFc>
 - ✚ De Aenlle, Conrad. “Digital Archivists, Now in Demand.” *New York Times – Jobs* (February 7, 2009). http://www.nytimes.com/2009/02/08/jobs/08starts.html?_r=2&emc=eta1
 - ✚ Dionne, Mimi. “Partnerships New and Old: Preservation in the 21st Century #saa12.” *CSM Wire* August 10, 2012. <http://www.cmswire.com/cms/information-management/partnerships-new-and-old-preservation-in-the-21st-century-saa12-016899.php>
 - ✚ Gantz, John, et al. “The Diverse and Exploding Digital Universe: An Updated Forecast of Worldwide Information Growth through 2011.” ICD. March 2008. <http://www.emc.com/collateral/analyst-reports/diverse-exploding-digital-universe.pdf> Read Executive Summary and scan remainder.
 - ✚ Gartner Group. “Gartner Identifies Four Information Management Roles IT Departments Need to Remain Effective.” February 1-2, 2010. <http://www.gartner.com/it/page.jsp?id=1282513>
 - ✚ Gartner Group. “Gartner Identifies Top Priority Skills for IT Asset Management Leaders.” July 2012. <http://www.gartner.com/it/page.jsp?id=2079215>
 - ✚ Gartner Group. “Gartner Says Top 10 Strategic Technologies Will Be Assimilated Into Management Tools.” June 2012. <http://www.gartner.com/it/page.jsp?id=2044716>
 - ✚ Psfk. “Museum Will Use Twitter to Gather Public Experience of Olympics.” July 27, 2012. <http://www.psfk.com/2012/07/twitter-museum-olympics.html>
 - ✚ Walters, Tyler and Katherine Skinner. *New Roles for New Times: Digital Curation for Preservation*. Washington, DC: Association of Research Libraries, March 2011. http://www.arl.org/storage/documents/publications/nrnt_digital_curation17mar11.pdf Read pages 4 – 29.
- Watch:
- Hunter, Greg and Mark Evans. “Webinar: Challenges of Digital Preservation.” *YouTube* November 8, 2011. <http://www.youtube.com/watch?v=lyBWuuXa-hg&feature=related>

3B. Friday, May 19: Grant Writing and Funding Sources.

Objective:

- Students will be able to describe the attributes and requirements for creating a compliant grant proposal, focused on four major areas: defining the project; planning the project; doing the project; and writing the grant application.

REQUIRED:

- ✚ Flanders, Julie. “Grant Writing on the Web: Resources for Finding and Securing Funding.” *College & Research Libraries News* 71/9 (Oct 2010): 472-475, 479.
- ✚ Institute of Museum and Library Services (IMLS). Sample Applications. http://www.ims.gov/applicants/sample_applications.aspx

RECOMMENDED:

- ✚ National Archives and Records Administration, National Historic Publications and Records Commission, funding program. <http://www.archives.gov/nhprc/apply/program.html>.
- ✚ National Endowment for the Humanities. <http://www.neh.gov>.

REFERENCE:

- ✚ Carpenter, Julie. *Library Project Funding: A Guide to Planning and Writing Proposals*. Oxford: Chandos, 2008. SILS Z683 .C37 2008. On reserve.
