CURATEGEAR 2014: ENABLING THE CURATION OF DIGITAL COLLECTIONS
JANUARY 8, 2014 | CHAPEL HILL NC

OBVIOUSLY, A LOT OF WORK
(AND SUCCESS) IN TOOL
DEVELOPMENT AND
IMPLEMENTATION FOR
DIGITAL CURATION ...

MY WISH LIST

MY WISH COME TRUE?

COPTR

Community Owned digital
Preservation Tool Registry

Beta launch on 13 Nov 2013

THANKS, PAUL WHEATLEY!

COPTR

“COPTR describes tools useful for preserving digital information for the long term. COPTR is also an **initiative to collate** the knowledge of the digital preservation community on preservation tools in **one place**. Instead of organisations **competing against each other with their own registries**, COPTR is bringing them together. In doing so its objective is to provide the best resource for practitioners on digital preservation tools.”
